Wireless Connections

Due to external factors, including the nature of public wireless internet and each computer's operating system/configuration, InBusiness only recommends wireless connections for casual Internet browsing and checking e-mails. If the reason for connecting to the Internet is for business related purposes, or event critical activities, for example - processing orders, processing credit card payments, web-based presentations, etc., InBusiness strongly recommends a hardwire connection. A wireless connection may not provide the consistency necessary for conducting online business. InBusiness Connections does not accept responsibility for wireless performance.

<p>Basic Wireless – Casual Use ONLY Bandwidth Allocation 1Mb x 512Kb Peak (On Shared Public Network)</p>	<p>Individual WiFi available online with credit card (\$12.95 / day – No Setup Fee)</p> <p>Group Bundles (No Setup Fee / No Customization)</p> <ul style="list-style-type: none"> • 10 Pack \$90 / day flat fee • 20 Pack \$160 / day flat fee
